**HISTORY:** Uintah Machine was incorporated in 1984, after having been in business since 1975. We have served the oilfields, steel mills, coal mines, trona mines, power plants, other machine shops, manufacturers and other industries in many capacities. We have offered services and parts as diverse as rifle barrels, steam locomotive parts, drill collars, turbine parts, gears, sprockets, and splines. We offer a complete machine shop service, as well as field machining, mechanic work, welding and fabrication.

**SERVICE AREA:** We have customers scattered from coast to coast, border to border and beyond. Our products have gone to Canada, Mexico, South America, Australia, and Europe.

**WORK ETHICS:** Quality and Service above all. Our first claim to fame, if we have one, is that our customers usually send us the difficult projects, and save the easy ones for themselves or vendors more local than we are. Our second claim to fame is that we stand behind our products and services. Our third is that we go the extra mile. We are happy to supply references.

**EMPLOYEES:** Uintah Machine usually has about 30 employees.

**AREAS OF EXPERTISE:** Machine and Job Shop Services. Underground Mining Equipment and Services. Machine Tool Related. Field Machining for Power Generation, Mining, and Industry. Welding and Fabrication. Special Gears, Sprockets, and Gearboxes.
